# Education Success is a Civil Right Youth Success Program

## Family Participation Pledge

Student Name \_\_\_\_\_

Authorized adult \_\_\_\_\_

I pledge to do my best to achieve the following expectations as part of our participation in the Cornerstone Movement Youth Success Program.

1. I will ensure my student has access to the Internet in a manner that allows them to train properly and consistently.
2. I will ensure my student trains consistently 15-20 minutes daily, 4-5 days per week until the program is completed. This usually takes up to two years. I will provide a supportive environment.
3. If I receive a computer/tablet as part of the Program, I understand it is being loaned to me. I will return it if my student does not train properly and does not complete the program. When my student successfully completes the program, the computer/tablet will be awarded to the student.
4. I will review the information provided about mindset and social emotional learning skills and apply this information to help my student succeed.
5. I will read aloud at least 15 minutes daily with my student.
6. I will keep in touch with my assigned Family Ambassador.
7. I will participate as best I can in Program events.
8. I will get pre and post reading test results from the school and share with the Program. The data will be treated confidentially and only used to verify program success and to create group reports where no individual data is disclosed.
